[Bathory cover]

Crusted blood on altar black  
The rite of dark is done  
The semen burn in sacred flames  
The witches sing their song

The night is filled with joyous laughters  
Orgy of the damned  
Prepare for sacrifice by death  
On my command

Infernal eternal  
With the power in our veins  
The rite of darkness

Candles glow with strength and glory  
Blind the eye of sun  
Demons rings the sabbath bell  
The rite of dark is done

Naked bodies form the circle  
Flesh and lust collide  
Warm blood float and torrent faster  
The wounds stand open wide

Sorcery blasphemy  
Recite the words of spell  
The rite of darkness  
Deeds of Hell
