

Winds Of Plague "Forged In Fire"

Visit "[Forged In Fire](#)" on MotoLyrics.com

I stand before you as a sinner.
A mother fucking heathen dragged
Face first down the road of treason.
Bound for the bowels of hell I'm
Always one step out of reach
From the hand of God.
Always one step out of reach
From the hand of God.

You'd never sleep if
You knew what's in my mind.
My vile thoughts you'd never
Close your eyes.
I walk in the shadow of heavens light.
Hood up, head down.

Take a closer look into my eyes
There is a part of me I can't hide.(x2)

Bring the pain.
Turn and run while
You still have a chance.
I feel from grace and
I'm not going back.

You come to me with
The image of a better life. I'm fucking fine with the life I
have.
I would rather burn then spend another second by your
side.

(MARTIN STEWART):In the valley of death I cast a
shadow to block out the sun. I am a monster accepting
what I've become. My faith was drowned in a sea of
doubts. Now the thorn littered road it's my only way out
so I push on. Iron willed. Demonized. Tongue forged in
fire. Hate in my eyes. Celestial supremacy replaced
with gloom. Inhale aggression and exhale doom. From
the gutters we rise. Into darkness descend. Never
meant for the light. Through your bounds we
transcend. There is no time for sleep, just to reclaim
the streets. How can you look down on me? When I've

buried you under my feet.

I stand before you as a sinner.
A mother fucking heathen dragged
Face first down the road of treason.
Bound for the bowels of hell I'm
Always one step out of reach
From the hand of God.

So I push on, demonized.
Tongue full of fire.
Hate in my eyes! (x2)
So I push on
