There is peace at hand,  
It's moving 'cross the land like clouds at night,  
Barely in sight.  
Like winter snowfall, no sound at all.  
The time has come for us to e one.  
We must see our plight.  
It doesn't pay to fight like cats and dogs,  
Bared teeth and claws,  
Avenging our mistakes as if it were fate.  
The time is here to wash away our fear.  
The work is very hard.  
It will consume our best by far, but we are...  
Determined 'til the end,  
Until we know that we'll be friends...  
Yes, I think we'll be friends.  
It is easy to find Peace within you're mind,  
If you'll open you're heart, search for the part

Of lifeyou can enjoy. The you'll employ,  
The love that you need and sow the seed.  
The plant will start to grow,  
When you finally know that hate and lies  
Will poison you're eyes,  
To the beauty that you seek.  
The strength of the weak  
Will burst the balloon and the flower will bloom.  
The work s very hard.  
It will consume our best by far, but we are...  
Determined 'til the end,  
Until we know that we'll be friends...  
Yes, I know we'll be friends...  
I think we can be friends...  
I know we can be friends.
