I swear I'll run away from every home I ever have
So I'll build a new house in every town I pass.
Maybe then I won't always feel lost and trapped.
When I was growing up, I was the smartest kid I knew.
Maybe that was just because I didn't know that many
kids.
All I know is now I feel the opposite.
Like if you don't want to work, then that becomes your
job.
There's a lot of overtime, there's not many days off.
I hope you know that I'm not trying to complain.
It just gets hard to explain to people that I know, or kids
who come to shows
That I just don't want to talk about the office today.

'Cause I've watched friends go from being pessimists
to work at home archaeologists
They dig skin deep, they work every day
I'm burying their arms for a vein or two that maybe they
forgot.

And the cops say it's a crime for people like me
And those friends of mine to want to die
Like my neighbor in St. Pete
She's been on house arrest down here
If she tries to leave her yard they'll lock her in a cage
for years.
Cause sometimes she wants to die.
And she shoots dope when she thinks she could die
And the law they caught her one too many times
Shooting dope when she felt like she could die.

We're building a new world, all of my friends and me
It's not an exact science yet, but we have the
technology.
Now all we need is an economy
Where everybody finally will get enough to eat, even
the suburbs
No powers getting too crooked to stand on it's own feet
for much longer than it has.

So I don't want to kill a cop,

What I want is neighborhoods where they don't have to
get called
When the shit goes down
Cause our friends, they are enough, and our neighbors
have enough.
Finally we're enough.

Cause our friends, they are enough.
And our neighbors are enough.
And finally we're enough
Please help me be enough.

Fuck the law cause we're enough
Fuck the boss cause we're enough
Fuck Microsoft cause we're enough
Fuck owning stocks cause we're enough
Fuck you cause we're enough
Fuck moving to Brooklyn cause we're enough
Fuck the clash cause we're enough
Fuck martial stacks cause we're enough
Quit what you don't love cause we're enough
Live as you make it up cause we're enough
You'll never go without cause we're enough
We'll buy a house cause we're enough
We'll grow some food cause we're enough
We'll slam some dunks cause we're enough
Don't be afraid cause we're enough
You'll always be ok because we'll always be enough.
