Maybe it was no one's fault
I know it wasn't mine
But now that you've moved along
I guess I'm next in line

I thought we had the same ideas
But you, you proved me wrong
I've been played the fool before
But never for quite so long

Betray, betray, betray, betray
Betray, betray, betray, betray

So what now?
Do we shake hands and go on our separate ways
Or do I open my mind and follow you into the haze?

No, I'll see you tomorrow
Same channel, same time, same place
I'm not going anywhere 'cause I quit your fucking race

Betray, betray, betray, betray
Betray, betray, betray, betray

Goddamit, we were supposed to stay young
And now it's over, it's finished
It's done, no expectations
Were on the run but now it's over
It's finished, it's done

Over and done, the end
