"Stand Up"

Something's fucked up
Something's not right
I came to have a good time
You came to fight
But if I do fight
Nothing to fear
'Cause I know
My friends are here

I don't like to fight
I don't like getting hurt
Got my guard up
State of Alert

I don't look for trouble
Trouble finds me
Need my friends
In an emergency

Don't go out alone
Go with a friend
You might need him
In the end

Stand up
Stand up
Stand up
Stand up
And be counted
