'Scuse me sir, I'm sorry ma'am,  
But you don't know how clumsy I am.  
I'm dropping this an' I'm forgetting that,  
Won't no one tell me where my problem is at.

Oh babe, you were such a shock to my system  
When you called me up and you kept on insisting  
That we do something with our days ,  
Do something with our nights,  
Do something, let's do something  
With the rest of our lives

I'm walking around Shoo la la yeah  
With my head in your cloud, Shoo la la yeah  
Baby, calling your name Shoo la la yeah  
Is like praying aloud Shoo lallelujah  
I'm totally wowed  
With my head in your cloud

Wondering how it could have been,  
I spend my day remembering  
You and I'd go out and hit the streets  
Raising smiles from all the people we meet

Oh babe, you were such a shock to my system  
When you stopped the car and you started kissing me,  
You made something of my day,  
You made something of my life,  
Now make something, baby make something  
Of the rest of my life

Nobody made me feel this way before  
Keep rocking me baby, I can take it all..

I'm walking around Shoo la la yeah  
With my head in your cloud, Shoo la la yeah  
Baby, calling your name Shoo la la yeah  
Is like praying aloud Shoo lallelujah  
I'm totally wowed  
With my head in your cloud  
I got my head in your cloud
