Empty pocket and empty house  
I'm waiting for my life is toss  
And now I'm walking my babe back,  
But I'm, waiting for the money tack

Blaired brain and dollars and dames  
One day don't by the sunshine, an again  
Walk around in a millionaire's tan  
It's for money I'll be a leach man

Somebody told me the other day  
Too much or money big a worried a life away  
Tacks tell in mama a rouge  
A raga a friendship another lone soul.

Blaired brain and dollars and dames  
One day don't by the sunshine, an again  
Walk around in a millionaire's tan  
It's for money I'll be a leach man  
Robo dobo dobo....

Someday haven someday nos  
Somebody once someday you gays  
Mi casa tu casa I love to say  
But all I've got to said you is a time and they said,  
said,.....

Blaired brain and dollars and dames  
One day don't by the sunshine, an again  
Walk around in a millionaire's tan  
It's for money I'll be a leach man

Robo dobo  
In if i was a rich man
