Far beneath you, under ground  
I am waiting to be found  
I am ugly, I am wild  
Nosferatu a vampires child

[Chorus]  
Vampire nation, blood generation.  
When fullmoon rises so will I.  
My creation, you obligation  
Knock on wood, It's bleeding time...

Far above you, in the air  
I am watching, in despair  
I walk among you, in daylight  
I'll come into you, in the night

[Chorus]  
Vampire nation, blood generation.  
When fullmoon rises so will I.  
My creation, you obligation  
Invite me in, It's feeding time...

[Solo]

[Chorus]  
Vampire nation, blood generation.  
When fullmoon rises so will I.  
My creation, you obligation  
Open up, It's needing time...
