I can't sit still/I can't relax
And there's no appeal/in stealing anything they don't
want
Back ever again/like a rubber band
That's stretched too thin/around your neck
And now you're turning

Blue/eyes that asked me to
So I did what I had to do

Glowing in the dark/I sleep walk through the days
Until I finally start/to find my way/out of this haze
Through the torn curtain you're caught unaware
I see for certain that there's somebody there
And it's not polite to stare but soon
Now you'll be turning

Blue/eyes that asked me to
So I did what I had to do
Don't act so surprised its come to this
You know you did it to your-
Self because you just could not resist
I hate to say I told you so
I can't sit still/I can't relax

So blue/the first time that I saw you
I knew/that I'd never be the same
Until I could wrap my arms around you
I hope you are easily amused/Easily confused

Blue/eyes that asked me to
So I did what I had to do
Don't act so surprised its come to this
You did this to yourself you know
It's been building up inside of me
God I hate to say I told you so
I can't sit still/I can't relax

So blue/the first time that I saw you
I knew/that I'd never be the same
Until I could wrap my arms around you

I held on too tight/and watched you slip away
Slip away from me

I can't sit still, but I can't relax/It's giving me a heart
attack x 6
