"Too Late"

Visit "[Too Late](#)" on MotoLyrics.com

It's too late in the waking hours / up high on the tallest
towers

I fall back on familiar faces / It's too late

Ready someday/Maybe I'll say/I do

Because I need you/more than ever/so come back to
me

Hold tight as we move together/cause nothing ever
stays the same forever

Another line just to stay awake/in heartache

Ready someday/Maybe I'll say/I do

Because I need you/more than ever/so come back to
me

Then I will come back to you

I'm hearing you say/hey/by the way

That you want me too/as much as I've wanted you

After all these years/it's finally clear/that you love me
too

We might back it through / then we'll learn the truth

It's finally clear/after all these years

I can wait/but I can never be too late
