Don't say/it has to end in disarray  
It will be/hard for me to/go through/the motions of my  
day  
They're all the same as before/when you're caught in  
side of my/revolving door

So, tell me/tell me that we're all right  
Cause we can/we can last all through the night

Don't say/that everything is okay  
It's another/winter when you discover/all that you  
haven't done  
Because it's all been done before/when you're caught  
inside of my/revolving door

So, tell me/tell me that we're all right  
Cause we can/we can last all through the night  
Keep it together/and I hope it/gets better

So tell me/tell me/ tell me that we're all right  
I know that we can/we can last all through the night we  
can  
Keep it together/I hope it/gets better

Keep it together/I hope it gets better  
Keep it together/forever and ever  
Keep it together/I hope it gets/better/cause it better
