Boy let's sing this sucka  
You wanna be alone

A joy to see you  
I'm so glad I'm here  
I come as a true friend  
So feel comfortable relax your fears

You've got no one  
And you know I've got nobody too  
Never been so much in tune  
With anyone in my life too

We just took our time  
To settle and unwind  
We innocently vibed  
Our hearts intensified, until

Silently, soulfully  
You've become a part of me  
Joyfully, melodically  
You and me in harmony

Did not expect, no  
To get a lover from a real friend  
You are so warm to me, when I'm around  
You won't melt like margarine

Oh girl you thrill me  
Oh, with your world please feel me  
Oh, lady you excited me  
Oh, won't you please invite me

We just took our time  
To settle and unwind  
We innocently vibed  
Our hearts intensified

Silently, soulfully  
You've become a part of me  
Joyfully, melodically  
You and me in harmony

Silently, soulfully  
You've become a part of me  
Joyfully, melodically  
You and me in harmony

You sang, a melody  
And naturally I ring, a harmony  
'Cause lady I feel the real thang  
Can we be the main thang

Honey I wanna be your one man band  
Your piano man, may I tinkle your grand  
I tinkle you

Silently, soulfully  
You've become a part of me  
Joyfully, melodically  
You and me in harmony

Silently, soulfully  
You creep into my life  
And now you  
Become a part of me baby

Silently, soulfully  
You've become a part of me  
Joyfully, melodically  
You and me in harmony

Silently, soulfully  
You've become a part of me  
Joyfully, melodically  
You and me in harmony

Silently, joyfully, silently
