We were really in love before
That's when our hearts soared
Faster than we had ever imagined
This time we'll take it slow
We'll let our love grow and I know
We'll make it happen, my baby

By one compatible
Your supernatural
It's kinda unbelievable
That here we are together again

Never thought that we would be together
Here we go again
Here we go again, no
If we hold on love will last forever
Here we go again
Here we go again

Friends for so long with me, you know you are all right
Oh baby, you read my mind and said, "Let's make
sweet love tonight"
And I'm gonna do it, take you on a trip aboard a special
ship
Called the 'Escapade of Love', love-love
Your love gives me a lift because you've got that gift
All I want to do is compliment because because you
turn me on

Here we go again
Here we go again

Here we go again, no

Here we go again, no, no
Here we go again, no
Here we go again

Here we go
Here we go
Here we go
Here we go

Here we go again
If I hold on
