What More Can I Do Without You  
Cause Now I've Just Conquered The World  
Seen Everything A Man Could See  
Even Scooped Up Diamonds And Pearls

I Tried To Move On, Find A Lady I Like  
I Took My Time But Still You Burn Through My Mind

[Hook:]  
Now Look What You've Done 2 Me  
Guess I'll Just Be Lovin' You Girl  
So Sick From Your Love I Grieve  
Doctor Say There Ain't No Cure

Can't Fade You From My Memory  
Ain't Nobody Else That I Can Turn To (NawÂ¥)  
Stuck In Beautiful Misery  
Right Now There's Nothing More I Can Do

Rather Be With You, Havin' Some Crazy Fight  
Than Be On Top Of The Globe Without You In My Life

[Hook:]  
Now Look What You've Done 2 Me  
Guess I'll Just Be Lovin' You Girl  
So Sick From Your Love I Grieve  
Doctor Say There Ain't No Cure

Guess I Have To Settle For This  
Live In This Twisted Kind Of Bliss  
Kiss Kiss You Girl Goodbye  
Only Have You In My Mind

[Repeat]  
[Hook]
