Spoken:

Love, love is for fools
Why, we do what we do
Love is for fools
Love when it falls apart
And it breaks your heart
Into a thousand pieces
Time take these blues away
If it's love you say
Please be sure you mean it

Chorus:

Cause love is for fools
Love is for fools
Why do we do
The things that we do
Cause love is for fools
Tears, falling from these eyes
Oh it's not surprise
While sitting in the dark
I think of love
Why must you burden me
With insecurity
For all I feel is pain and broken heart

Chorus

Love is, love is, for fools, fools
Love is, love is, for fools, fools
Love is, love is, for fools, fools
Love is, love is, for fools, fools

Chorus
