Every hour of every day  
Children come up missing

Crazy man who has no rights  
Takes the life of young ones  
On a weekend pass he asks  
"Hey, kid, do you want some candy?"

Crazy man proceeds to grasp  
Young ones future in his hands  
Keeps kids down and drives away  
Left the town in dismay, dismay

Hear me cry  
(Me cry)  
In the night  
(The night)  
Someone come  
And rescue me

The sun comes up  
(Comes up)  
No sign of us  
(Of us)  
And where I'm at  
Is a mystery

Teach them now and show them how  
So they won't come up missing

Peers and pressure go hand in hand  
Every day's a moral task  
Crazy man won't go away  
Till the laws are passed to stay caged

Search is on for kids at night  
With first in mind a child's rights  
Bend to one and have no fear  
Want everyone to steer clear of here

Hear me cry  
(Me cry)

Deep in the night  
(The night)  
Someone come  
And rescue me, yeah, yeah

The sun comes up  
(Comes up)  
No sign of us  
(Of us)  
And where I'm at  
Is a mystery

Crazy man can, crazy  
Crazy, crazy, crazy  
Crazy man can, crazy  
Crazy, crazy, crazy  
Crazy, crazy  
Crazy, crazy, crazy man

Hear me cry  
(Me cry)  
Oh, so deep in the night  
(The night)  
Someone come  
And rescue me, yeah

The sun comes up  
(Comes up)  
No sign of us  
(Of us)  
And where I'm at  
Is a mystery

(Haven't found me yet)  
Haven't found me yet  
(Haven't found out yet)  
Haven't found me yet  
Don't give up just yet  
(Haven't found me yet)  
I'm a mystery come and rescue me  
(Don't give up just yet)  
Don't give up on me just yet
