I feel the heat emanating/ Flickering shadows frame
your skinâ€¦
Sensual aurora of your body/ Like sweet incense I
breathe you inâ€¦
Tracing paths of anticipation/ As you move my hand
along your thigh
Watchin your eyes casing my body/ Honey you know
you got me highâ€¦

HOOK

So bring it on girl/ And we can get it on girlâ€¦
Iâ€™ll do whatever I need to do lady/ To make you
moan girlâ€¦
Wanna hear you call my name/ Cause then Iâ€™ll know
girlâ€¦
That Iâ€™m doinâ€™ it right for you honey/ When I
hear you moan girlâ€¦

2nd verse

You know your so intoxicating/ Chemistry way off the
chartsâ€¦
You got me jonesing for you honey/ The way you love
me be a work of artâ€¦
Awww Girl just let me put it to you/ Whatever you want
thatâ€™s alrightâ€¦
Be gettingâ€™ it on like Kama Sutra/ & you know I know
just what you likeâ€¦

HOOK

BRIDGE

There ainâ€™t no need in us tryinâ€™ to shake it/ Girl
you know just how we doâ€¦
No more teasing, no more playinâ€™ / Time for you to
sing your song
Moon to morning long
