(Verse 1)

On simmer you been slow cooked like a hot meal in the
winter
in that micro wave and half way cooked at the center
girl I met you at the right time so I figured you're the
one
So many, say the quicker the better but I was weary of
not getting to know another woman really 'cause
I think they thought that I thought it was just that body
that I want

[Chorus:]

oh Slo woman, I like what you do with that love of your
suttle motion
slo woman, I like what you do with that, the way you
gratify
slo woman, I like what you do with that, such a rarity
slo woman, would you stay in my life

(Verse 2)

The are reason that I love you 'cause you've been
through all the seasons
and for me anything that's right now would be treason
yes 'cause my soul feel betrayed if it had to begin so
much healing
oh in an instant is when everybody wants everything
including friends
but real friendships take some time and that's where
you win
girl you're so good and you're so bad and you know
how to work it so I'm feeling,

[Chorus:]

[Bridge:]

Before I try the way, (I like it slo) of the fast lane, (I like
it slo)
I still end up late, (I like it slo) and I still felt the pain (I
like it slo)
so I begin to wait (I like it slo) and you were my fate (I
like it slo)
you sent the pace, (I like it slo) its the way I like it girl,

slo woman

[Chorus:]

[Vamp / Outro]

Slo woman, (come on yeah) I like what you do with that

If you know what I mean somebody help me say

slo woman, I like what you do with that

If you be coming to grind somebody help me say

Slo woman, I like what you do with that,

if you're feeling me good somebody help me say

stay in my life, oh, oh yea

slo woman, I like what you do with that (rep 3xs)

mmm I like what you do with that (rep 3xs)

{fade to end}
