R. Kinchen)

Verse:

I think that she like me
Sometimes I don't think so
I feel like she needs me
Sometimes I just don't know
I thought we were gonna get to go to bed
But she woke me up out of my dreams
She's keeps playing with my damn head
The things that she pulls I just can't believe

Chorus:

Won't you spend the night
Stop playin with me
Give me one chance
I'll make you never leave

Verse:

Sometimes she wants to see me
Other times I'm not sure
Sometimes she lets me kiss her
The next minute she's cold
If you ever let me touch ya
I know you'll let me touch ya more than twice
Baby be sure you'll wanna let me do it
Filling me would be the best thing in your life
I got some things that can make you see
I got some things make you wanna be with me
I got some shake that can make you right
I got some things baby
Come on tonight
