Keri Lewis, Stokley)

Intro:

The only never that's for sure

Verse:

I said I'd never fall in love again
Just kinda happen like an accident
A head on collision
We fell in love

And I don't know what you did to me
Never knew just how good a love could be
The things I said I'd never do
I say them no more
Cause I found you

Chorus:

The only never that's for sure
Is the never that you never know
It's crazy just how love can go
With the never that you never know

Verse:

I tried to fight it every step of the way
But you are on my mind all damn night and day
I said I'd never let love have it's way
But things do change

The plan was for me to stay
Far from love
And find my way
But I don't know what to think or do
But that's alright
Cause I've got you

Chorus

2x

Bridge:

Cause you never know
Cause you never know
Never know
With the never that you never know

Solo

Chorus
2x

Bridge

Chorus til end of song
