Why does it always end the same?
Trying to justify, my actions so insane
With you, it's never goodbye

The state I'm in, I gotta get out of
You've been the governor of my heart
I've should've known to get out of this weather
Now I'm feeling sorry 'cause

Something in the way you told me
I should've walked away
You knew what to say to make me stay
Should've walked away

Been here before, should've closed the door
Should've walked away
I should've walked away, walked away
Walked away, walked away

Shame, see this time it's all on me
The first time you were to blame
We both know we don't work
I should expect results the same

So you don't need to get no closer
Don't try to put that thing on me
But just when I say that it's over
Here you go, OOh Wee!

There was a time when we would get down
Our cares in the world were none
Next time I tip my face to the sky to feel the rain
I know I'm gon' listen

Something in the way you told me
I should've walked away
You knew what to say to make me stay
Should've walked away

Been here before, should've closed the door
Should've walked away

I should've walked away, walked away
Walked away, walked away

Just like this, yeah
Walk on, walk on, walk on, walk on, baby
Walk on, walk on, I should've walked like this, yeah
Walk on, walk on, walk on, walk on, baby
Walk on, walk on, away from all your kisses

Walk on, walk on, walk on, walk on, baby
Walk on, walk on, I got no more giving
Walk on, walk on, walk on, walk on, baby
Walk on, walk on, should have walked away

Something in the way you told me
I should've walked away
You knew what to say to make me stay
Should've walked away

Been here before, should've closed the door
Should've walked away
I should've walked away, walked away
Walked away, walked away

Something in the way you told me
I should've walked away
You knew what to say to make me stay
Should've walked away

Been here before, should've closed the door
Should've walked away
I should've walked away, walked away
Walked away, walked away

I should've walked away, walked away
Walked away, walked away
I should've walked away, walked away
Walked away, walked away

I'm gone, I'm gone
Much too much

I'm gone, I'm gone, baby
I'm gone, baby, I'm gone, baby
I'm gone, baby, I'm gone, baby
I'm gone, I'm gone

You are
much too much for me
Won't cha come on let me see
You know what it is, baby

It's much too much for me
But I'm coming right back, you see
