I've got my watch on
I've got my stopwatch on
I left my head home
I left my head at home
I watch an episode
I missed an episode

I'll be
I'll be fine

Head rush
You've got me rushing home
To watch an episode of my favourite show
I'll tape it cause I know you won't

I'll be
I'll be fine

In the middle of the night she said
Leave it out, Leave it
In the middle of the night she said
Leave it out, Leave it
In the middle of the night she said
Leave it out, Leave it
In the middle of the night she said
That we're just friends

Head rush!
Episode!
Tape it!

I've got my watch on
I've got my stopwatch on
I left my head home
I left my head at home
I watch an episode
I missed an episode

I'll be
I'll be fine

In the middle of the night she said

Leave it out, Leave it
In the middle of the night she said
Leave it out, Leave it
In the middle of the night she said
Leave it out, Leave it
In the middle of the night she said
That we're just friends

Do you want to pretend?
I don't want to pretend
Do you want to stay friends?
I don't want to be friends

In the middle of the night she said
Leave it out, Leave it
In the middle of the night she said
Leave it out, Leave it
In the middle of the night she said
Leave it out, Leave it
In the middle of the night she said
That we're just friends
That we're just friends

I don't want to be
I don't want to stay friends
