The city lights begins to glow  
Another dusk has come to show  
Silent voices from the past  
This is my journey (but) is this my call?

Will I ever get to know!

[Chorus]

For every sigle drop of rain  
Mu life seems to slowly fade away  
Still the sky remains the same  
Like the wind I change my way  
And as a spark becomes a flame  
Still the stars remains the same

When the holy ghost has spoken  
It makes me shiver down mt spine  
Blackened thoughts, dilutions crave my soul  
Am I a morbid man or trick of the tail?

Will I ever get to know!

[Chorus]

For every sigle drop of rain  
Mu life seems to slowly fade away  
Still the sky remains the same  
Like the wind I change my way  
And as a spark becomes a flame  
Still the stars remains the same

The spell has been broken  
I can see it so clear  
Light's all around me  
I'm finally there

Another Mystery of Life!!?

[Chorus]

For every sigle drop of rain  
Mu life seems to slowly fade away  
Still the sky remains the same  
Like the wind I change my way

And as a spark becomes a flame  
Still the stars remains the same
