

Wintersleep "Blood Collection"

Visit "[Blood Collection](#)" on MotoLyrics.com

Despite probable cause
Despite ongoing tests
We have reason to believe
In your disappearance
Sparkle, swivel, sparkle

Stack of Government checks
Stack of Government checks
Just a telephone call
Just a series of tests
Just a sample of blood
For the blood collection

As we review the case

As we rewind the tapes
Did you swallow the pill
You said you wouldn't take
Call up, back home, call up

Stack of Government checks
Stack of Government checks
Just a telephone call
Have you already left?
Just a sample of blood
For the blood collection
