Early in the morning  
Animals are whisperin  
Thought I felt some feelins  
Could have been the Valium  
Staring through a candle  
Staring through the people  
Hiding in our shadows  
Hearing we will not grow old

How you gonna lie to yourself?  
How you gonna lie?  
Tell me there's a violence here  
Tell me that there's nothing inside  
How you gonna lie to yourself?  
How you gonna lie?  
How do we forget ourselves?  
How do we forget our minds?

We're all ghosts here

We're all ghosts you know  
Hiding in our bodies  
Drifting in these vessels  
I say it loud and clear  
Don't know if i believe it  
Tonight i want your body  
Don't give a fuck about your spirit

How you gonna lie to yourself?  
How you gonna lie?  
Tell me there's a violence here  
Tell me that there's nothing inside  
I can feel your fingers close  
I can feel your falling clothes  
Tell me that there's nothing  
Tell me that you don't know
