Forever, Forever  
Forever, do do do do, do do do do do  
Every time we're close

Every time we're close (Every time we're close)  
There's a kind of magic (A magical energy)  
That fills my heart with love (Like a blowing breeze)  
And everything around me (Is beautiful)  
You are my everything  
The reason I feel blessed to be alive

Forever  
I'll be loving you  
Forever  
With everything that's new

Let's fly up there  
And lose ourselves  
In the big arms  
Of the universe

There's a melody (Open up your heart)  
In everything around us (And you will heal it)  
The blooming of a rose (Is a miracle)  
And hearts that beat as one (It's harmony)  
Love is a mystery  
And I feel so blessed to be alive

Forever  
I'll be loving you  
Forever  
With everything that's new

Let's fly up there  
And lose ourselves  
In the big arms  
Of the universe

There's a melody (Open up your heart)  
In everything around us (And you will heal it)  
The blooming of a rose (Is a miracle)

And hearts that beat as one (It's harmony)  
Love is a mystery  
And I feel so blessed to be alive

Forever  
I'll be loving you  
Forever  
With everything that's new

Let's fly up there  
And lose ourselves  
In the big arms  
Of the universe
