I've tried to understand you
But you're still a mystery
Sometimes I feel you close
And sometimes I feel we're miles away

I wish I knew the secret
to reach your heart 'cause lately
You've got me feeling so alone

One day you take me up
And the next day you bring me down
Stop playing with my feelings
I'm about to lose my mind

Just put your arms around me
Why can't you say you love me?
And I can't take this anymore...

I've had enough of rainy days!
To say you're sorry, it's too late
My life has just begun, I'll be OK
That's why I'm walking out the door
Who could love a heart of stone?
It's me, myself and I
I'll be just fine
This is my chance to shine
So say goodbye

You take my love for granted

I've been waiting for too long
For you to say these three words
Baby, open up your heart

You'll see what I've been missing
Give me a reason to stay
Or I will have to let you go

I've had enough of rainy days
To say you're sorry, it's too late
My life has just begun, I'll be OK
That's why I'm walking out the door

Who could love a heart of stone?
It's me, myself and I
I'll be just fine
This is my chance to shine, so say goodbye

I've had enough of rainy days
To say you're sorry, it's too late
My life has just begun, I'll be OK
That's why I'm walking out the door
Who could love a heart of stone?
It's me, myself and I
I'll be just fine
This is my chance to shine, so say goodbye
