Tell me why. Sometimes i feel so small  
I don't know how. I am gonna face it all  
I need a hand. Don't wanna lose it all.  
We need to understand.  
Tell me why. It's so hard to forget and  
To let go. If we don't do the things we do for love.  
But can we carry on?  
Love is a miracle.  
Tell me why. I see myself when i look in your eyes.  
I know your reasons I see deep inside.  
We must carry on. I need to live my life  
My life. My life.  
Tell me why. Sometimes I feel so small  
I don't know how. I am gonna face it all  
I need a hand. Don't wanna lose it all.  
We need to understand.  
Tell me why. I see myself when i look in your eyes.  
I know your reasons I see deep inside.  
We must carry on. I need to live my life.  
Tell me that. I'll always be your child  
Cause you are the one. Cause even through the night  
I see the light. One day we'll be as one.  
The day has just began.  
Began. Began.  
Tell me why. Sometimes I feel so small  
I don't know how. I am gonna face it all  
I need a hand. Don't wanna lose it all.  
We need to understand.  
Tell me why. I see myself when I look in your eyes.  
I know your reasons I see deep inside.  
  
Tell me that. I'll always be your child  
Cause you're the one. Cause even through the night  
I see the light. One day we'll be as one.  
The day has just began.  
Began. Began.  
Tell me why. Sometimes I feel so small  
I don't know how. I am gonna face it all  
I need a hand. Don't wanna lose it all.  
We need to understand. I see the light. will be as one.  
The day has just began.
