From the impression that I get 7" single

They're at it again. (4x)

Hard-hitting journalism, an explosive expose'

On a subject that has everyone tuned in.

Tell me off the record, don't let the truth get in the way.

Don't mind the facts, we'll fill them in.

They're at it again. (4x)

This is exclusive, and it's a candid interview.

A source close to someone who's involved.

Well it's a neighbor of a cousin someone someone
sorta knew.

? .? .? the air has been sold...again!

They're at it again, pretending it's news.

Gotta take anything- don't let em crack in review

A referred to the person in pomp and circumstance

It's the same old sorry story and a tired song and
dance

They're at it again.

With no shame or dignity.

No respect for the truth, so nevermind for you or me

They're at it again.

With no end to it in sight.

They're at it again.

And it just isn't right.
