Messenger  
Always bring's bad news  
Just a trick of fate  
Am I the one you'll use  
You got me all Choked up  
Runnin in the wings  
Don't get left behind  
So easy to see  
Oh I can't complain  
What's this trick up you're sleeve?  
Am I the one you'll blame?  
You got me all messed up  
Runnin through the wings  
Don't get left behind  
Messenger!  
Always bring's bad new's  
Just a trick of fate  
Am I the one you'll use  
You got me all messed up  
Runnin though the wind  
Don't get left behind
