Come on up and kiss me
Come on up and kiss me
(Sweet little cinnamon, little cinnamon)
Come on up and kiss me
Tell me that you miss me
(Sweet little cinnamon, little cinnamon)

It's plain as day

I can see it in your face, your eyes, your lies
They scream 'This isn't who I am'
Lemme guess, you're the best actress the world has
ever seen
But you don't give a damn

The things you do for money
My rentable honey
If it's all the same
Here's your fifteen minutes of fame
Here's your fifteen minutes of fame

Come on propo-sish me
Come on up and kiss me
(Sweet little cinnamon, little cinnamon)
I just want to get fresh and friendly
I don't give a fuck who you with
I don't give a fuck if you're nasty

Just come on, come in with me
And do what you did last week

What more can I say?

I can see it in your face, your eyes, your lies
They scream 'This isn't who I am'
I'll attest you're the last big breasts the world will ever
need
But you don't give a damn

The things you do for money
My rentable honey

If it's all the same
Here's your fifteen minutes of fame

The things you do
Here's your fifteen minutes of fame
The things you do for money

Little cinnamon's a little menacing
Little cinnamon's a little menacing
Little cinnamon's a little menacing
She's a little menacing
What more can I say?

I can see it in your face, your eyes, your lies
They scream 'This isn't who I am'
Lemme guess, you're the best actress the world has
ever seen
Wasn't that your plan?

The things you do for money
My rentable honey
If it's all the same
Here's your fifteen minutes of fame

(The things you do for money)
Here's your fifteen minutes of fame
(The things you do for money)
Here's your fifteen minutes of fame
