Come on up and kiss me, come on up and kiss me
Sweet little cinnamon, little cinnamon
Come on up and kiss me and tell me that you miss me
Sweet little cinnamon, little cinnamon

It's plain as day
I can see it in your face, your eyes,
Your lies, they scream "this isn't who I am"
Let me guess you're the best actress
The world has ever seen? Wasn't that your plan?
The things you do for money
My principle honey
If it's all the same here's your 15 minutes of fame
Here's your 15 minutes of fame

Come propo-sish me, come on up and kiss me
Sweet little cinnamon, little cinnamon
I just want to get fresh and friendly
Sweet little cinnamon, little cinnamon
Don't give a f*** who you with, don't give a f*** if you
nasty
Sweet little cinnamon, little cinnamon
Just come on, climb in with me and do what you did last
week
Sweet little cinnamon, what more can I say?

I can see it in your face, your eyes
Your lies, they scream "this isn't who I am"
I'll attest, you're the last big breasts the world will ever
need
But you don't give a damn
The things you do for money
My principle honey
If it's all the same here's your 15 minutes of fame
The things you do, here's your 15 minutes of fame
The things you do for money

Little cinnamon's a little menacing
Little cinnamon's a little menacing
Little cinnamon's a little menacing
She's a little menacing, baby, what more can I say?

I can see it in your face, your eyes,
Your lies, they scream "this isn't who I am"
Let me guess, you're the best actress
The world has ever seen? Wasn't that your plan?
The things you do for money?
My principle honey
If it's all the same here's your 15 minutes of fame
The things you do for money, here's your 15 minutes of
fame
The things you do for money, here's your 15 minutes of
fame
