Light and sound is making me dizzy  
Like a vegetable on the bathroom floor  
Amphibious creatures come and then go  
You're the type to hide it within me  
It's been far too long since I've seen the dawn  
I'm devoid of life and I'm devoid of song  
Fold the blinds so no one else can see  
The walls we paint with our misery  
Let the night unfurl in this dangerous world  
For the chemical boys and the chemical girls

La la la la la la let me go, la la la la la la let me go, go,  
go  
Let me go, let me go, you're a dangerous toy for a  
chemical boy  
La la la la la la let me go, la la la la la la let me go, go,  
go  
There's just no way to slow this dangerous world for  
the chemical girls

Your actions, secondary to your pointless commentary  
No matter what I'm the king of the world inside  
I'm the king of the world inside, I'm the king of the  
world inside  
Inside, side, inside

Wear your crown, your planetary halo  
Go put on your face, go put on your show  
Transmit your degraded audio  
Paint the town red, orange, and yellow  
Go and see the world, the moon, the seas  
Unhinge your bones with your skeleton keys  
Close your eyes and no one else can see  
A part of you and your secrecy  
Let the night unfurl in this danger world  
For the chemical boys and the skeleton girls

La la la la la la let me go, la la la la la la let me go, go,  
go  
Let me go, let me go, you're a dangerous toy for a  
chemical boy  
La la la la la la let me go, la la la la la la let me go, go,

go

There's just no way to slow this dangerous world for  
the chemical girls

Your prowess left me aching from this souless  
undertaking

No matter what I'm the king of the world inside  
I'm the king of the world inside, I'm the king of the  
world inside

No matter what I'm the king of the world inside

No matter what I'm the king of the world inside

I'm the king of the world inside, I'm the king of the  
world inside

I'm the king of the world inside, I'm the king of the  
world
