So sick of seeing things
My mind it just can't believe
It suck wasting away
Why ain't life so bittersweet?
We're so close to the edge
Pretend, makeshift king and queen
Please, please, won't some somebody
Please, please, medicate me

Mister won't you please
Please, please, medicate me
Mister won't you please
Please, please, medicate me

Up and down these streets we crawl
Back it up for things we want but don't need, want but
don't need
The only time we speak at all
We erupt with things we say but don't mean, say but
don't mean
Up and down these streets we crawl

So tired of being afraid
Of what's to the left or right of me
It's just the price that I pay
For things expected or unseen
It seems we're better off dead
Victim, so green, so naive
Please, please, won't some somebody
Please, please, medicate me

Mister won't you please
Please, please, medicate me
Mister won't you please
Please, please, medicate me

Up and down these streets we crawl
Back it up for things we want but don't need, want but
don't need
The only time we speak at all
We erupt with things we say but don't mean, say but
don't mean

Up and down these streets we crawl
Back it up for things we want but don't need
The only time we speak at all
We erupt with things we say but don't mean
Up and down these streets we crawl
Back it up for things we want but don't need
The only time we speak at all
We erupt with things we say but don't mean, say but
don't mean

Up and down these streets we crawl
Back it, back it up for things we want but don't need,
want but don't need
The only time we speak at all
We erupt with things we say but don't mean, say but
don't mean
Up and down these streets we crawl
Back it, back it up for things we want but don't need,
want but don't need
The only time we speak at all
We erupt with things we say but don't mean, say but
don't mean
