No one knows why I'm afraid  
Why I feel so bad  
Oh, I see our destiny  
It makes me feel so sad

Unholy Ghost takes away our hopes  
I don't want to fall on evil days anymore  
Never again, misery and fall  
Is it just a dream that I'm waiting for?

Oh, my dreams will realize  
All the hopes I have  
I won't rest, will stand my ground  
Until I reach my end

Unholy Ghost takes away our hopes  
I don't want to fall on evil days anymore  
Never again, misery and fall  
Is it just a dream that I'm waiting for?

Unholy Ghost takes away our hopes  
I don't want to fall on evil days anymore  
Never again, misery and fall  
Is it just a dream that I'm waiting for?
