["To plunder, to slaughter, to steal, these things they
misname empire; and where they make a desert, they
call it peace"

/CALGACUS/]

Although you walk alone, feel the war inside
Like the pain of holy thunder, hurts every time

Over the fields you go, feel it even now
Hear the gunshot, smell the carnage, why close your
eyes

Look to the future pray for all
Pray, the Lord's gonna hear you
Look to the time when winds o'war
Don't blow in the sky

Wheels of the war - Crash all the more
Yeah, you see men killed by force
Wheels of the war - Crash all the more
Yeah, you hear them cry

You're hearing screams behind, never-ending calls
Ghostly voices keep you under their grasping hold

Road to Eternity, calling you away
Like the sirens holy voice, but, hey, you must wait

Look to the future pray for all
Pray, the Lord's gonna hear you
Look to the time when winds o'war
Don't blow in the sky

Wheels of the war - Crash all the more
Yeah, you see men killed by force
Wheels of the war - Crash all the more
Yeah, you hear them cry

Wheels of the war - Crash all the more
Yeah, you feel their life is false
Wheels of the war - Crash all the more

Oh, you watch them die

Wheels of the war - Crash all the more
Wheels of the war - Crash all the more

Wheels of the war - Crash all the more
Wheels of the war - Crash all the more

Wheels of the war - Crash all the more
Yeah, you see men killed by force
Wheels of the war - Crash all the more
Oh, you watch them die
