(Ben Granfelt/Ben Granfelt)

Don't tell me baby
'Cause I already know
Things could be better,
Not like this Broadway Show

Always a reason
There's no time to talk
I don't want you leaving
And I surely don't want you to walk

(Chorus)
'Cause I never felt this way I feel before
Is this the blues? Almighty Blues
I've never felt so lonely, since I lost my one and only

I can't go the distance
I can't close the door
Feel alone in a crowd
I can't take no more

(Chorus)

Don't need a reason
To be in your game
With a loser's luck
It's nothin' but a cryin' shame

(Chorus)
