I hear echoes inside my head  
Calling me back to you.  
I'm at a loose end still  
And I don't know what I'm going to do.  
I walk the streets  
Hoping to find something to take you off my mind.

Little girl  
You make me feel this way  
Well, I'm trying hard to forget you  
But I know that it only makes me want to stay.  
Don't want to be the one to lose you,  
Don't want to see you with someone new.

Don't cry  
I still love you.  
Don't cry  
I'll never leave you.

I find it hard sometimes  
To keep my mind on the job.  
Well, I've been down  
When my love comes crumbling.  
I walk the streets  
Hoping to find something to take you off my mind.  
Don't cry  
I still love you.  
Don't cry  
I'll never leave you.
