Do you feel it? Most of us choose not to
Most of us live our lives in the dark
What do you really think this is
No nothing else, hell no
There's more to life than meets the eye
As if there's just
All you've ever believed in is gone
Never was never will be again
Crazy out of your mind
Is that how it feels
Like a pill like a ride
Like a mother fucking dream gone wrong
You're not in control
So how do you fucking feel now?
Your not on top
