Justify this war with gouged-out eyes- Their P.R. trickery
marginalizes
the lives of thousands of innocent victims with the
utmost precision-
Statues fall, new flags are raised for the occasion-
You've been bought
and sold on the sensation- By the hand of god- this
liberation- A cleverly
marketed invasion- Watch the dominoes fall- Watch the
death merchants spread
themselves too thin- But with a spoon full of sugar and
a hot cup o' fear-
Watch apparatus slip into gear- As media nurtures our
culture on glories of
war- They'll tow you back in- Force-fed the bullshit,
swallow it whole- But
the jagged edges will tear up your throat- In a storm of
yellow journalism
they've managed to turn neighbor against neighbor-
With hysteria rooted deep
in our minds- And the desire to consume not far
behind- They've created a
system of deadly design- To help ensure their power's
expansion- With a
spoonful of sugar, duct tape, and gas mask- Yellow
ribbons and miniature
flags- Murder is put on a pedestal in the name of an
ever-changing motive-
Waging war on an unseen enemy- Perpetual bloodshed
at the expense of you and
me- Revel in the erosion of your civil liberties- as your
morale is lifted by
Bill O'Reilly- access to information denied by cultural
rapists- who jumped out
of the right wing closets in the wake of 9/11- We are
under siege- Sudden swing
to the right- Fashionable fence-straddling fuckers
relinquish all control-
Afraid to the rock the boat as this media-state grows-
Out of sight-
Out of mind- How many more soldiers will die?- How
many people have

died?- "We're sorry. That information is classified."
