

Witch Hunt "Sick Game"

I won't support this sick game you play- This tool you
use to gain power-
You call it war- I call it terror- When will you learn we are
drowning
in the blood of our own people- I can see right through
your empty fabricated
lies- your false red alerts and blanket threats- Media
manipulation for your
selfish gain- Ignoring the truth- innocent suffering and
pain- When you wave
your flag to bandage up your mistakes- I'll hang mine
upside down- Not because
I hate our country- but instead to counteract- Fuck your
scare tactics- Fuck
your smart bombs and compassionate conservatism-
your bullshit promise of
peace and progress- I won't believe.
