I Pray to the Moon  
I Call Upon Her Mercy On Me  
The Ones Before and After Me  
She Flies With No Wings  
I Walk On Four in Her Darkest Dreams  
Swallows And Reaps the Sea  
Devours the Sun Yet She Bows to Me

Oh What I See is Not What I've Longed  
You Ease the Way for the Pain Inside

With Hands so Cold I Touch the Ground  
A Voice so Loud the Black Star Sound  
A Sacred Place for Those Who Left  
In Shallow Grave I Shall Not Rest

Ice Burn My Eyes  
All Lights Are Fading Fast  
Like Walls of White  
Lowering the Skies  
God burn my eyes  
All Lights are fading fast  
Like walls of white  
Darkening the skies

She Carries the Black Flame  
A Silver Ring With My Wolf Name  
A Sign of Wisdom to Follow  
The Ones Before and After Me

Slave and Master  
Hand in Hand through the Mists of Lust  
Hang the Sword and Drop Your Guard  
Surrender and Vow

With Hands so Cold I Touch the Ground  
A Voice so Loud The Black Star Sound  
A Sacred Place For Those Who Left  
In Shallow Grave I Shall Not Rest

Ice Burn My Eyes  
All Lights Are Fading Fast

Like Walls of White  
Lowering the Skies  
God burn my eyes  
All Lights are fading fast  
Like walls of white  
Darkening the skies
