"Saving Grace"

Visit "[Saving Grace](#)" on MotoLyrics.com

Close my eyes
Light me a candle
Let it burn
As the time grows cold
You are my saving grace

Like a knife
To an angel
Like a child
You engage the world
You are my saving grace

Give me pain, give me hurt, give me war
So I can grow
Give me strength, give me hope, give me love
So I can grow

Fooling around
With the bitter souls
Breaking down

As the truth unfolds
You are my saving grace

Give me pain, give me hurt, give me war
So I can grow
Give me strength, give me hope, give me love
So I can grow

You are my saving grace

Give me pain, give me hurt, give me war
So I can grow
Give me strength, give me hope, give me love
So I can grow

Give me pain, give me hurt
So I can grow
