Demons - like whirlwind through your soul
No escape - through the flesh
Like a razor to the bone

Far from grace-hells hot embrace
Demonication

Angels - flee like lambs when approached by the wolf
Hunters - of the damned
Will devour your faith
They kill without a trace

Far from grace - hells hot embrace
Demonication

The diabolical force - the minions of death awaits
An army of wrath - join the ranks of stink and hate

Far from grace - hells hot embrace
Demonication
Demonication
Demonication
