Little Mim was a mermaid
Sleeping on a coral bed
When a big barge of garbage
Came and dumped it on her head.

Little Mim had a feeling
The time had come for moving on
If they only had a spaceship
All the mermaids would be gone.

Mermaids In outer space
Dreamed of leaving Earth to find a cleaner place
Mermaids in outer space
Tired of getting dumped on by the human race

But they didn't have a spaceship
And couldn't build one if they tried
Then they met some alien surfer babes
Who took them for a long, long ride.

Mermaids in outer space
Left the Earth to find an unpolluted place
Mermaids in outer space
Got tired of getting dumped on by the human race.

Fly
A new home waits in the sky
Fly
And say your final good-bye
Good-bye

When they finally reached their planet
The mermaids were amazed to see
Dragons, unicorns, and fairies
Living there in harmony.

Mermaids in outer space
Left the Earth to find an unpolluted place
Mermaids in outer space
Got tired of getting dumped on by the human race.

Fly

A new home waits in the sky
Fly
And say your final good-bye
Good-bye.
