feel your hand on the rock  
roll the rock up the hill  
what did you do to deserve this hell  
when you get to the top  
watch it roll down again  
are you pushing up the sun  
or dragging down the moon?  
did your feet get wet  
when she came after you?

keep your hand on the rock  
it will finish you if you stop  
cold, cold company  
forgive me  
this ain't my stone  
this ain't my stone to roll  
skin on my hand can't take it anymore

feel her hands on your back  
feel the world go black  
no future and no past  
here, now, alive at last  
feel your hands on the rock  
roll the rock up the hill  
if i slip into this dream  
when i awake it's the same

keep your hands on the rock  
it will finish you if you stop  
cold, cold company  
forgive me  
this ain't my stone  
this aint my stone to roll  
my aching feet can't stand it anymore

life goes on and on  
outside in the cold  
inside the barber waits  
waits his turn

cold, cold company  
forgive me

this ain't my stone  
this aint my stone to roll  
my aching feet can't stand it anymore  
cold, cold company  
forgive me  
this ain't my  
this ain't my stone to roll  
skin on my hand can't take it anymore
