I am not gonna leave you
Not for good
You are the real one
I am your fool

Fooled by the night
And drinkin' the poison
Enough to get right
Then to freeze frame vision
Freeze frame vision

Freeze frame vision
Freeze frame vision
Only see in

Gone for days in the country
And I'm alone
This old wood stove
Cooks my food and keeps me warm

The dog in the night
Singin' his song
Drinkin' the poison
Until my vision's gone

Freeze frame vision
Freeze frame vision
I only see in

Freeze frame vision
Freeze frame vision
I only see in

Her heels click on the sidewalk
Addin' tempo to the sound
Of the city livin' hard
This ain't no one bar town

Holdin' a new hand
She don't know his last name
She doesn't need
The anguish or the pain

He had a place that was just up the street
And she was down for the walk
He had a view that couldn't be beat
And the looks and the talk

He put the right music on
That music led her astray
Touchin' her just like he should
She was headin' that way

Movin' though her tangent
Couldn't breathe, couldn't talk
Fallin' in lust with an accident
And sometimes time seems to stop

He put the right music on
That music led her astray
Touchin' her just like he should
She was headin' that way

Freeze frame vision
Freeze frame vision
Only see in

Freeze frame vision
Freeze frame vision
I only see in

Morning's barely breathin'
When I awake
And I eat something
To kill this dull ache

Have you been sleepin'
Or is it still your town?
Are you drinkin' the poison
That is phasin' me out?

Freeze frame vision
Freeze frame vision
I only see in

Freeze frame vision
Freeze frame vision
I only see in

Freeze frame vision
Freeze frame vision
I only see in

She's gettin' close
And he doesn't know
