And I'm in the wind...
I am going to the wind, it take me, never make
Maybe it lifts, me too.
New orleans are the dark streets of L.A.

I'm in the wind...
And I am in the wind
And if I fall to where you're standing
Will you turn to me?

I'm in the wind...
And I am in the wind
And if I end up in your arms
Will you help me stay?

I want your comfort for the evening!
I need to pause to get my head!
Hold me down, baby...
Or the wind will catch me out again.

I'm in the wind,
I don't know long the breeze will let me stay...
Maybe your kiss...
Maybe your kiss
Will calm the weather down
And let me wait..
I want your comfort for the evening!
I need to pause to get my head!
Hold me down, baby...
Or the wind will catch me out again.

Given you up!
I'm given you up!
Give you up!
I'm given you up again, yeah../

Given you up!
I'm given you up!
Give you up!
I'm given you up again, yeah...

I want your comfort for the evening!

I need to pause to get my head!
Hold me down, baby...
Or the wind will catch me out again.

Hold me down (3)
Just keep me for another night.
