I need your eyes for our connection  
Every blink you give away, I lose  
You gave it free, it's gone  
Spinning off in to space alone  
And the bourbon's full at this point  
Crack the seal and spin the top away  
Yeah the bourbon's full at this point  
Come on baby, erase it with me

Two become one  
The confining of a car crash  
City anthem, and it's over with the silence

I need your eyes to stay connected  
Keep on looking into mine  
Don't move, don't speak, don't speak  
Everything's gonna be fine  
And the bourbon's on the pavement  
Johnnie bottle in the front seat  
Now it's broken on the pavement  
Come on baby, don't slip away

Two become one  
The confining of a car crash  
City anthem, and it's over with the silence

She's bleeding now, call an ambulance  
These shaking hands are soaking wet  
I'll be by your bedside, when you come to  
Come to me  
I'll be by your bedside, when you come to  
Come to me  
I'll be by your bedside  
Come to me  
I'll be by your bedside  
Come to me  
I'll be by your bedside  
Come to me  
I'll be by your bedside  
Come to me  
I'll be by your bedside  
Come to me

Two become one

The confining of a car crash  
City anthem, and itâ€™s over with the silence

Two become one  
The confining of a car crash  
City anthem, and itâ€™s over with the silence
